

# Advanced Work Packaging Strategic Roadmap Must-Haves Checklist

If your company is introducing Advanced Work Packaging to your organization, you may be wondering how to an effective Strategic Roadmap. This list outlines the topics that should be defined or addressed:

## Must-Haves Checklist

- AWP outcomes defined, determine roles and responsibilities, an effective contract strategy, an education and training plan and a roadmap and milestones required for AWP implementation.
- An AWP framework: work package templates, Work Breakdown Structure (to support AWP), plan for estimating and scheduling, and data to support all
- Roles and responsibilities clearly defined for all parties responsible - including internal and external resources
- A fully developed education and training plan that includes AWP fundamentals
- Tools and technology to support AWP best practices, data, team collaboration, project visibility and tracking
- An AWP best practice library with metrics and goals
- Visibility across the project or portfolio at executive, manager, team, or role level
- KPIs and metrics to measure the health and adoption of your AWP program
